ol. 3 | JANUARY – 1961 | No. 1

THE PRESIDENT'S PAGE

The year is only days old, and it will soon be convention time gain. A new president, and a new group of officers and board members will soon be selected to guide our destiny through the 1961-1962 eriod.

When I wrote my first president's page, as 1960 dawned, we, a group, declared our dedication to again obtaining approval in Congress for commemorative coinage. We wanted numismatists to again e given an opportunity to collect these desirable coins, depicting historical events.

Much has since been done by N.A.S..C, and by many of its individual members. Numerous congressmen have been contacted personally, and by letter; and favorable publicity has been fostered in various umismatic publications and newspapers.

Many replies were received – mostly favorable – to the idea, but ome unsympathetic. Much still remains to be done before we reach uccess in our goal.

A new administration in Washington may give our continuing requests a more favorable reception. So I am taking this means to refresh he memories of all of our members as to our advocated long-time oal – the resumption of commemorative coinage.

Also, I wish to request our incoming officers to take up the gauntlet in this crusade as part of their load for the coming year. We have spearheaded the idea and, I hope, paved the way for later favorable action.

Now for my final swan song. As this is my last president's letter, I wish to take a little space to publicly acknowledge the splendid cooperation I have received from every officer and board member throughout the year. It has certainly been a democracy in action in its most favorable form, with each one contributing more than his share of time and effort to make a successful club. If our coming convention is as fine as it has given every indication of being, the credit will go to each and everyone of the above individuals who have worked so unselfishly for its success.

With this parting thought, I wish to bid all of you goodbye as president, and I only hope I may continue helping the club as well in the years to come as others have helped me during my tenure!

Again, goodbye – and good luck to all of you throughout 1961.

BEN W. WILLIAMS

FROM THE DESK OF SLIM DUNBAR

Guess we better call this a one man's opinion. I seem to be at odds with quite a number of people.

However, an item that is *not* "one man's opinion" is our convention, March 3, 4, and 5, 1961. From information I have been able to receive it will follow the tradition of all previous NASC conventions – better bourse, better displays, better or best of auctions, better registrations, banquet tickets will be much sought after. In fact records of long standing in the field of numismatics will be shattered. A better convention than the last one comes naturally with NASC.

Now back to one man's opinion – Have been doing some reading here of late. An article in Coin World dated December 8, 1960 caught my eye, "Coin of the Month". I have heard of Book of the Month Clubs so I had to read the article. Seems you may join the "Coin of the Month" for $1.00 to $10.00 per month for a combination of six metals and finishes – this to happen every month. They use the word "coin" (?) in Coin of the Month further along in the article. Quote, "The unique position of and interest in commemoratives in the U. S. is due to the fact that very few regular issues of government coins have real historical significance." Unquote. This could be true of regular issue, but try and convince our future generations that a commemorative half dollar has no historical significance.

I have no quarrel with people who like to collect medals. I have some in my collection, being a numismatist. I don't like to have them referred to as coins, or "Coin of the Month." There is a recognized word, "Medallist". Why not use "Medal of the Month" and leave numismatics to the coin collector? Imagine the weight involved when striking medals like stamps. Under date of 12-15-60 Coin World, page 4 –

sing Terms Properly – A "coin" is a metal object stamped by a govern-
ent and has a denomination. A "Medal" can be issued by anyone and
s no denomination. The last line in the article, Quote "While we are
ing words, let's use them properly".

Under date of December 5 in Numismatic News, the editorial on
ge 3 tells us it is almost impossible for us to receive commemorative
ins and gives a line of reasoning. However, it is my belief that if we
e big enough, strong enough and cooperate enough we can convince
e administration that we need commemorative coins to illustrate what
s happened in the past is happening now and may happen in the
ture. To illustrate, take the Stone Mountain Commmeorative. There
much history in this one worthy of a lot of study. I won't tell you
ho the riders are and they are not identified on the coin but you can
ok it up. It is a commemorative of nationwide importance issued in
25 and can still be bought for less than $5.00. Compare that with
edals less than a year old which cost much more and don't have the
nse of security that comes with the possession of fifty cents. They
ay be duplicated or plated with no fear of apprehension and become
lueless.

Our plans for the future are to have a bill presented in Congress
permit the striking of commemorative coins not to exceed two issues
any one year and to be controlled by the cash division of the United
ates Treasurery. At the proper time we will seek cooperation country
ide.

SLIM

BITS AND PIECES

The meeting dates of the Glendale Coin Club has been changed to
he THIRD MONDAY of each month.

* * *

Southern Hub Coin Club has appointed C. A. "Slim" Dunbar as rep-
esentative to the California State Numismatic Association.

* * *

Ed Barrett, well known coin collector and member of the Southern
Hub Coin Club is reported seriously ill and hospitalized.

* * *

By the time this issue has reached our members, the Brainards
will be back from their recent trip to Mexico City, Acapulco and Yuca-
an. Karl said the Yucatan jaunt was to view the ancient ruins. Did
he have to go all that way to view ancient ruins?

* * *

Bay Cities Coin Club raffle tickets for over $350.00 worth of gold
pieces are now available from their members. Its purpose is to fatten
he kitty for the CSNA Fall Convention in Santa Monica, 1961, so let's
ll contribute 50c to the cause, and maybe you might be the lucky
vinner of that $3.00 gold piece.

THE 1804 "IDLER" SILVER DOLLAR

A numismatic event of major importance is in the offing for Southern California collectors when the annual convention of the Numismatic Association of Southern California is held at the Statler Hilton Hotel in Los Angeles next March 3, 4, and 5.

For the first time on the West Coast, an 1804 Silver Dollar will be offered at auction when A. Kosoff of Encino, well-known Professional Numismatist and Auctioneer will conduct the sale of the famous Edwin M. Hydeman collection. The 1804 dollar, universally known as the "King of American Coins" is the well-known Idler specimen, one of the finest and most desirable of the 13 known pieces of this date.

In all the history of numismatics there has never been a single coin which was, and is, the subject of so much comment and interest as the United States Silver Dollar of 1804. The romantic tales of ships lost at sea bearing all of the dollars of 1804 have made this the most sought-after coin in numismatic history.

The auction will also offer the Jerome Kern specimen of the 1876-CC 20 cent piece, the Niel specimen of the 1894-S dime formerly out of the World's Greatest Collection, and many other fine and rare coins including a Stella, U. S. Gold, and other desirable items. How can you afford to miss it?

———————

FLASH . . . ABE KOSOFF REPORTS

By special arrangement with Mr. Hydeman, his 1913 Liberty nickel will be sold at the same auction with the 1804 "Idler" dollar, making this one of the greatest auction sales ever held. This coin was last displayed at the Miami F.U.N. convention January 12-14, 1961.

———————

NUMISMATIC PERSONALITIES

by Karl M. Brainard

Two of the best known people in Southern California numismatic circles are Mr. and Mrs. Russell Snyder of Burbank. We meet them at many of the club meetings and conventions; if not working they are just enjoying their hobby and meeting old friends.

Mr. Snyder was born in Galion, Ohio, and Mrs. Snyder was born in Loudonville, Ohio. After school days they both migrated to Barberton, Ohio. Mrs. Snyder working as a secretary, and Mr. Snyder at his trade as a machinist.

They eventually met and were married on September 5, 1914, after short courtship. Now after forty-six years they feel they are beginning to know each other.

Their first business venture was a Harley Davidson motorcycle gency; that being the most popular mode of transportation at that me. They had the first gasoline pump in the city and it was right n front of their store. Gas sold at 12c per gallon and they have picures to prove it.

Later they went into the tavern and restaurant business in Akron, hio, which kept them busy for thirty years. During the war years Ir. Snyder went to work as inspector of plane parts at Goodyear, thus oing his share of the war effort.

While in the restaurant business they began their coin collecting y putting aside all odd and old date coins. There were no coin clubs guide them at that time. They did not take up the hobby seriously ntil 1943, when they moved to California.

They are now retired and more interested in the coin club work. Ir. Snyder and Frank Tocy organized the San Fernando Valley Coin lub in 1951, which has grown from five to over 200 members; one of ne largest clubs in the vicinity.

Mr. Snyder is also one of the 2 original members (C-15) of the umismatic Association of Southern California.

Mrs. Snyder has been an active stamp collector for a number of ears, and with her many phases of coin collecting is kept very busy.

Both Mr. and Mrs. Snyder are charter members of many of the outhern California Coin Clubs, and when possible attend the meetings.

Mr. Snyder has been a member of the California State Numismatic Association and also the A.N.A. for a number of years. He is presently serving on the Board of Directors of the Los Angeles Coin Club, the San Fernando Valley Coin Club and the NASC.

Mr. and Mrs. Snyder have two daughters: Mrs. Elizabeth Case of Burbank and Mrs. R. H. Plappert of Van Nuys — two grandchildren — Linda Sue Case and Russell Frederick Plappert — and all are ardent coin collectors.

Notes from Your Corresponding Secretary

Now the holidays are over and another year is with us . . . where did 1960 disappear? Time goes by much too quickly for a tired old secretary, but then, it is better to be interestingly busy than worrying about aches and pains.

Just a couple more months until our 1961 convention. Are YOU ready? We hope each of our associate coin clubs will have a display. Also we would want to see many displays from our members. We try each year to make our convention better than the last one and only by your cooperation is this possible. Don't let NASC down!

We have a new membership campaign at this time. How about each one of us signing up a new member? The more people you can interest in joining NASC, the better will be our conventions. During 1960 we had eight new coin clubs join our association and 100 new members. That was wonderful but I am sure we can do much better this coming year. As the old saying goes, always do your best and then try to do better.

How many clubs are giving a banquet ticket as one of the door prizes? It is a splendid cooperative idea. Don't forget to make your reservations for your hotel room and banquet EARLY!

It is up to YOU to help us top all previous conventions.

Please mail your news for the NASC Quarterly early!

Coin Club Secretaries — please mail me the names and addresses of your new NASC representatives, also your secretary's name and address and any change in meeting dates.

If members fail to send in their address when they move they will fail to receive the NASC Quarterly.

On November 17, 1960, Date Empire Coin Club of Indio, California joined NASC. Our thanks to John M. Barnes, president and the members of Idyllwild coin club for signing up this club. The club's secretary is Donna Laubsch, P.O. Box 1553, Indio, California. We certainly hope to see some of this club's members at our convention and also hope they will have a coin display. Date Empire club belongs to A.N.A.

Officers have been elected and Ward Hefley is the club's first president. The club meets the third Saturday of each month at 7:30 p.m. in the Security Bank Club Room in Indio.

CAROLYN OLSON, Corresponding Secretary.

WHY YOU MUST DISPLAY

by *Paul Newell*

A bold heading? Yes, it certainly is! To tell you that you must something is, to say the least, presumptuous. However, if you read I'm sure that you will understand why.

This article is to convey a message to those, young and old, that not enjoying their hobby to the fullest extent or making it something be proud of.

When you view your collection, get the great enjoyment of having ner people see it also. The satisfaction of accomplishment is to show ur efforts to others in competition. Display them! New enthusiasm ll come to life and you must keep this enthusiasm alive. Your hobby ll give you as much as you give it. If you have no more interest in saying "I have them", then you really need a boost. A thrill u will never forget is when you win your first prize, whether first ace or honorable mention; and believe me, you will get the same rill every time thereafter. Again I say, you must display to keep your bby alive.

How do you start? Where to get an idea? Through coins the history the world can be told. Get our your history book or encyclopedia. rly American coins depict the struggle of America to stay alive. The ny changes that were made in our economic system are told in our ins. Coins are important to our American Heritage – you can convey the viewer untold events and information with them plus flags, ctures, miniatures or just stories.

Take a gold piece – any date. Gold is the most fabulous metal in c history of minerals from ancient days to modern times. Various new etals have been discovered, much more precious than gold; but still ld rules our world. Think what a fabulous display you could make – complete history of the world around one coin if presented right.

Next year is the Civil War centennial. What could be more fitting an a theme depicting the Civil War days – the dark ages of America! ore Americans died in the Civil War than in the 1st and 2nd World ars and the Korean War altogether! (Facts about the Civil War, ivil War Centennial Commission, 700 Jackson Place, N.W., Washing-n, D. C.)

Don't sit back and wish you could. Do it! Start now! Display at ur local club or clubs. And above all, let the public and your fellow llectors see your coins in display form at the great NASC convention the Statler Hotel on March 3, 4 and 5, 1961. Start to live a little nd have fun with your hobby.

(Editor's note: It is not too late to display at the convention this ear. Contact Paul Newell, Display Chairman, 18004 Duncan Street, eseda, California)

FROM THE DESK OF BILL FANNING

For a relaxing period be sure to attend the NASC Banquet Saturday evening, March 4. Some goodies are planned for the young and old alike.

One item that will keep you looking and listening is Wilbur Hall– that man with the big feet — and to keep you on edge, he has Renee to help him.

For a novelty there will be Armando and Lita. What a tussle they put on!

Then, should you think there isn't such a thing as a woman with no bones in her body, you must see "Darlene".

This all goes with the banquet and can only be seen there. Limited number of tickets to be sold so don't lose out. Bill Fanning, Entertainment Chairman.

———————

HEY! YOU DEALERS

———————

Are you buying your supplies from the local jobbers who are members of the N.A.S.C.? If not, here are their names and addresses:

RICHARD DeMERS
10002 Brookside Dr.
Garden Grove, Calif.

MURRAY SINGER
122 N. Detroit
Los Angeles 36, Calif.

RICHARD GOODSON
9004 National Blvd.
Los Angeles 34, Calif.

———————

SOUTHERN HUB COIN CLUB

At the recent election of officers for the Southern Hub Coin Club Mrs. Pauline Ney was elected and installed as General Committee Chairman, and will be in charge of the Southern Hub participation in the forthcoming NASC Convention.

Other officers elected to serve the club during 1961 are: President, Bob Miller; Vice-President, John Parrish; Secretary, Joy Parrish; Treasurer, "Slim" Dunbar. The Board of Governors will be Ed Barrett, Executive Advisor, Mel Fishel, Joe Risse, Elmer Hess, Bill Erdman and John Paradowski. Vice-President Parish will remain Editor-in-chief of the Numis, the club's monthly publication, and Mel Kohl was appointed Roving Reporter. Mrs. Leona Kohl is the Hostess, and Mrs. Lila Barrett is the ticket sales chairman for the door prizes.

WEST VALLEY COIN CLUB

West Valley Coin Club in Reseda, California had installation of offi-rs at the December meeting. Harold Donald installed the following mbers as officers to serve in 1961. Warren Overlin, president; David wart, vice-president; "Peggy" Ellen Borgolte, secretary; and re-elected a second term, Charles Eads, treasurer; Edwin C. Borgolte, David wning, "Lucky" Lester Wollard and Harold Donald board of vernors.

West Valley Coin Club meets regularly the fourth Sunday of each nth from 2:00 P.M. to 5:00 P.M. January 22, is our next meeting d it will be held at the new meeting place, The Reseda Women's Club cated at 7901 Lindley in Reseda.

West Valley Coin Club extends a cordial welcome to all to visit y or all of our regular club meetings.

PEGGY ELLEN BORGOLTE, Secretary

ORANGE COUNTY NUMISMATIC NEWS

The 269th regular meeting of the Orange County Coin Club was ld November 23, 1960. 101 members and guests attended. Two new embers joined the club.

The nominating committee recommended the following to be offi-rs of the club for 1961. President, John Rime; Vice-President, Ralph litchell; Secretary, Herbert Bergen; Treasurer, William Wisslead; Di-ctors, Dan Harley, Dr. Calvert Emmons, Bryan Burke, Jr., Amos House; d Bruce Linton. All were elected unanimously.

Bryan Burke was guest speaker and his topic for the evening was German Inflation Money". He outlined the history of the German Moneary systems from the start of World War I in 1914 down to the end f the War in 1918 and through the decade following the close of the War. The Mark was 238 in 1914 when it was backed by $900,000,000 gold. In July 1923 one dollar would buy one Million Marks. Later hat year one dollar was worth 4,200,000,000 Marks, all in paper money. One old silver Mark would buy enough paper money Marks to equal the alue of the entire country before the War.

He cited instances where a person who was once considered wealthy ould not purchase as much as a single match with his entire fortune Marks.

Many of the multimillion mark pieces of paper currency were dis-layed and some were given to listeners as samples of inflation money. Mr. Burke's lecture made a profound impression on everyone.

The 270th meeting of O.C.C.C. was held December 28. A large ttendance filled the Hall, and four new members were admitted to he club.

Chas. Colver made a splendid talk together with a display of English Colonial coins. Winn Osborne showed colored slides of the California tate Convention held in San Diego in October – Refreshments and the uction followed.

JOHN STOPPLEWERTH, Orange County Editor

BAY CITIES COIN CLUB held their annual banquet on December 3, and was a huge success. Officers for 1961 were elected as follows: President, Ben Bieringer; Vice-President, Lewis Upton; Treasurer, Grace I. Brainard; Secretary, E. Carolyn Nestrick; Board of Governors, Bill Peltret, Maxine Ward and Max Wedertz. We will continue to hold our meetings on the fourth Thursday of the month at the Douglas Recreation Hall. All interested coin collectors are invited to attend. E. Carolyn Nestrick, Secretary.

———————

CENTRAL COAST COIN CLUB's December meeting was held on the evening of the 20th. Ninety members and guests were present to enjoy the delicious refreshments and Christmas program. Many fine door prizes were given and a lively auction was held. Jim Silva and Herb Hanrion were the auctioneers.

Our new officers for 1961 are: President, Malcom E. Reed; Vice-President, Bill Sexton, Secretary, Virgil L. Welch; Treasurer, Bill Sterms. With this fine group our club will surely have a great year.

Plans are being made for our anniversary meeting next May. We hope to make this one the biggest and best yet with emphasis on group and individual displays. All of us hope that we will again be honored by visitors from Los Angeles and vicinity.

———————

ALL-AMERICAN COIN CLUB — A non-profit club. All income is used for door prizes, tickets and postage. Officers elected for 1961 are as follows; President, K. C. Weeks; Vice-President, J. L. Boles; Club Representative to NASC, A. W. MacDonald; Board of Directors, D. L. Gunther, B. Pasternak, W. B. Keeney, G. Pinkstaff for Jr. Members.

———————

The Monterey Park Coin Club is proud to include among its membership, one of the longest established dealers in the country, and also one of the youngest bone-fide collectors.

Mr. M. H. Bolender, internationally known dealer, has been buying and selling coins since 1906, at the age of 12.

Steven Iavicoli, who started collecting several months ago, is now seven. No member of his family is a numismatist, and he does very well by his own efforts.

Mr. Bolender and Steven were honored members at the gala Christmas party and pot luck dinner given by the Monterey Park Coin Club. Santa Claus gave stockings of candy and a folder of uncirculated coins to the children. Mr. Bolender also passed out uncirculated coins to the youngsters. Mr. Bolender presented Steven with a very fine 31 S Lincoln cent.

The Monterey Park Coin Club meets the 4th Friday of each month at the Service Clubhouse, 440 S. McPherrin, at 7:30 p.m.

Edith Benson, Rec. Sec'y.

OBITUARIES

HOWARD STOLPER NASC CHARTER MEMBER #37

Howard Stolper, one of our early charter members and one of the hardest workers, passed away quietly Oetober 19 at his Vista home. He was born July 11, 1887, at Salina, Kansas.

Mr. Stolper started a retail appliance business in 1922 which he sold out when he moved to California in 1937. This was when he really started collecting coins. He was a true collector with a real love for his coins. Later he decided to enter the coin business and made quite a success of it. However, he would often refuse to sell his choicest and best-loved coins.

The work he did for the NASC will always be remembered. He did all the lighting for our first two conventions. Being an electrieal contractor, he was able to make up and furnish the cables and lights for us. He was always availablc when asked to help out. He was a man of great ability and humility.

He was a past president of the Burbank Coin Club, past president of the Burbank Optimist Club, Past Governor of the 14th Distriet and member of the Shrine.

We will miss you Howard.

* * *

LEWIS A. MOORMAN NASC MEMBER #336

Lewis A. Moorman was born in Minnesota and was a twenty-five year resident of Berkeley, California. Lew was a dealer in antiques as well as coins. Living in the Bay Area, he was better known there than in Southern California. However, we know that Lew was respected and loved for himself, as well as his fair business dealings.

Survivors are his wife, Grace, who was assoeiated with him in business; two children, John of Berkeley and Mrs. Janet Rohrer of Oceanside.

Mr. Moorman passed away November 24, 1960.

Another one we shall miss.

ANOTHER SWAN SONG

The time has come for me to make a rather difficult decision. For many years now I have been extremely active in the NASC – I organized it, have been a member of the Board for 6 years (missing only one meeting), have been Bourse Chairman for six conventions, wrote the constitution and by-laws, either personally built or caused to be built 225 display cases, have edited the magazine for the past year bringing about many improvements, and a few other various and sundry items. Not that I minded doing it, I loved every minute of it.

I have just been appointed General Chairman for the California State Numismatic Association convention to be held in Santa Monica, November 2-5, 1961. This entails a great amount of work. True, I enjoy all of it, but one person can only do so much and I have done it. As of March 5, 1961, I will no longer have time for these activities – I'd like to just be a member for a change. I will be most happy to help out when needed, BUT LET'S HAVE SOME YOUNGER BLOOD. We need them. May I be so bold as to suggest that *YOU* attend the business meeting at the next convention and elect some *YOUNG MEN* AND *WOMEN* to office.

Thanks to each and every one of the fine numismatists that have helped me in the past – keep up the good work. I will be around, but *please* let someone else share the honors.

Thanks again,
KARL M. BRAINARD
